Have you been hurt on the job?

If you are a Federal Employee or a Contractor and have sustained a work-related injury or illness, use ECOMP to report the incident to your supervisor.

If you are a Federal Employee you may also file a claim for benefits under the Federal Employees' Compensation Act (FECA). Depending upon your agency, start by filing OSHA's Form 301, then file a claim using either form CA-1 (for traumatic injury) or form CA-2 (for occupational disease). After you have received an official FECA case number, you may also file form CA-7 (Claim for Compensation).

Need to upload a document?

Stakeholders and interested parties can use ECOMP to upload documents to active FECA cases. You can upload letters, medical reports and other supporting documentation. You will need the official FECA Case Number and other identifying information to use this feature.

⚠️ Do not upload Medical or Travel reimbursement forms (OWCP-915, OWCP-957). Doing so will unnecessarily delay the processing of your reimbursement claim. Medical or Travel reimbursement forms must be mailed to OWCP/DFELHWC-FECA, P.O. Box 8300, London, KY 40742-8300.

Below the tabs, there are four buttons: 'UPLOAD DOCUMENT', 'SET REMINDER', 'DISABILITY MANAGEMENT', and 'EXPORT QUEUE'. The 'UPLOAD DOCUMENT' button is highlighted with a red box. Below the buttons, there is a 'CASE DOCUMENTS' section with filters for 'Authored Date' and 'Received Date'. There are also date pickers for 'Filter By Date: Start' and 'Filter By Date: End'. Below the filters, there is a 'Clear Date Filter' link and a 'Favorites Only (0)' checkbox. At the bottom, there is a '+ DECISION (0)' button. On the right side of the 'CASE DOCUMENTS' section, there are links for 'Clear Favorites', 'Clear Export Queue', and 'Add all to Export Queue'. Below these links is a table with columns: 'Export', 'Fav', 'Subject', 'Category', 'Authored', and 'Received'. The table contains several rows of data.

DESIGNATING A REPRESENTATIVE (Entity)

- The Entity Management System allows designated representatives, such as law firms, union representatives, individual attorneys, or relatives to access case data and case file documents electronically.
- Representatives may register for an ECOMP Entity User account at owcp.industrypartners.dol.gov

The screenshot shows the 'Entities Overview' page on the OWCP portal. The page header includes the United States Department of Labor logo and navigation links for 'HOME' and 'HELP'. A banner image shows two people looking at a tablet. The main content is divided into two columns. The left column, titled 'Entities Overview', contains several paragraphs explaining the system, including a list of eligible entity types: Attorneys/Law Firm, Union Representative, and Authorized Representative (Non-Attorney). The right column, titled 'Entities', features a registration and sign-in form with fields for 'Email or Username' and 'Password', a 'SIGN IN' button, and a 'Forgot password?' link. Below the form is a section titled 'NEED OWCP ACCESS?' with instructions for claimants and a 'REGISTER' button.

UNITED STATES DEPARTMENT OF LABOR HOME HELP

Welcome to the Entities Page

Entities Overview

Entities are individuals, business entities, or organizations that may be given access to specific OWCP case files. To be an authorized Entity user within OWCP's ECOMP portal, each user must register and be identity verified within ECOMP.

Some Entities are granted access to claimant files based solely on the claimant's designation of representation. These Entity types include attorneys/law firms, union representatives and non-attorney authorized representatives.

Other Entities have access to case files by virtue of their pre-established connection to a specific case. These Entities include Employers/Carriers in the Longshore program, which have access to case files only if they are associated with the injury claim. These Entities can also designate a representative, such as an attorney/law firm or third party administrator.

Once assigned, Entities have the ability to navigate within ECOMP for associated cases.

ECOMP provides access to the following Entity types for the FECA and Longshore Programs:

- Attorneys/Law Firm
- Union Representative
- Authorized Representative (Non-Attorney)

Additional functionality will be added in the future.

NEED OWCP ACCESS?

All individuals needing ECOMP access will need to register as individual entity users. Upon identity verification, individual entity users can join an existing entity, such as a law firm, or create an entity, and gain access to claimant case information if the claimant confirms their representation, or if there is a pre-established connection with the case such as a Longshore Employer or Carrier.

If you are a claimant and need to register, navigate to the ECOMP home page and select your program to register (ECOMP Page). Claimants **should not** be registering as an entity.
